Warsaw, Poland • +48576216060 • nadir.zulfugarli39@gmail.com

SUMMARY

Product Owner with 8+ years of experience delivering enterprise CMS and digital transformation projects in Agile environments. Background spanning web content management, QA engineering, and product ownership, providing a strong understanding of the full software development lifecycle. Experienced in stakeholder management, backlog prioritization, sprint planning, release coordination, and cross-functional collaboration. Passionate about delivering high-quality digital products that align business objectives with user needs.

EXPERIENCE

AXALTA COATING SYSTEMS — Warsaw, Poland

Product Owner (CMS) | Feb 2025 – May 2026

- **Delivered** business-critical CMS enhancements by aligning stakeholder priorities with development capacity, ensuring predictable feature delivery in Agile sprints.
- **Improved collaboration** between business stakeholders and development teams by establishing clear requirements, acceptance criteria, and delivery priorities, reducing ambiguity and supporting timely, predictable releases.
- **Enhanced** CMS workflows and the content authoring experience by driving continuous improvements through backlog refinement, sprint planning, KPI analysis, documentation, and user training, contributing to higher product quality and adoption.

SAMSUNG SDS — Warsaw, Poland

AEM QA Specialist | Aug 2023 – Aug 2024

- **Improved release quality** by executing comprehensive manual and automated testing of Adobe Experience Manager (AEM) components and APIs, helping identify defects early in the development lifecycle.
- **Strengthened testing consistency** by developing and maintaining test cases, QA documentation, and defect reports that improved traceability and streamlined issue resolution.
- **Enhanced team efficiency** by introducing QA process improvements, expanding test coverage, and delivering knowledge-sharing sessions that promoted testing best practices across the team.

ERGO TECHNOLOGY & SERVICES — Warsaw, Poland

Junior QA Engineer | Feb 2022 – Aug 2023

- Achieved 100% test coverage on Jira Xray for insurance calculators, ensuring high accuracy, reliability, and defect-free releases through comprehensive manual testing.
- Supported QA processes by executing test cases, reporting defects, and collaborating with development teams to improve product quality and release stability.

ERGO TECHNOLOGY & SERVICES — Warsaw, Poland

AEM Content Manager | Nov 2020 – Jan 2022

- **Improved content publishing efficiency** by managing Adobe Experience Manager (AEM) content lifecycle, governance, and publishing workflows, ensuring consistent, accurate, and timely content delivery.
- **Collaborated with marketing, content, and development teams** to plan, optimize, and publish digital content, contributing to improved website usability, SEO performance, and streamlined content operations.

NITRO — Warsaw, Poland

Content Editor | Feb 2018 – Mar 2020

- Managed website content across Adobe Experience Manager (AEM), Drupal, and WordPress, ensuring accurate, timely, and high-quality content publication.

ACCENTURE — Warsaw, Poland

Project Specialist | Jan 2017 – Jan 2018

- Maintained and published digital content using Adobe Experience Manager (AEM), supporting consistent content delivery across multiple websites.
